Dental Practice

Emergency Dept.

General Surgery

Gynecology

Liposuction

Neurosurgery

Obstetrics

Operating Theatre

CE 0123

NEW HOSPIVAC 350 has been designed for professional aspiration of bodily fluids, gases, tissues or bones of the patient during or after surgery. The state-of-the-art oilless pump guarantees high performances with excellent suction capacities and max vacuum reachable within a few seconds, with no need for maintenance. A clear dashboard along with a full range of accessories makes it the ideal device for surgical suction and liposuction.
